Dear Kristen:

On January 22, 2021, I inspected the construction of the new septic system at the above referenced site. The system has been installed in accordance with the previously approved Site Plan, prepared by this office, dated: 11-16-20.

I certify that the system as constructed, generally conforms within acceptable tolerance to the regulations, as varied, set forth in 310 CMR 15.000 and the Town of Dennis Board of Health Regulations.

If you have any questions or require any additional information, please call me at 508-385-3426.

Sincerely,

Thomas McLellan, P.E.
